

STATINTL

10 April 1967

STATINTL

Dear Helen:

I received your message the other day which you sent off in Gene's absence and want to thank you for thinking of us. I had just prepared a letter for Gene that day, but I will hold off sending it and bring it up to date so that he will receive it on his return after 17 April. Hope you are still enjoying your tour over there as much as you did at first. I should expect that you would like it even more now, because the place seems to grow on one, particularly as you become more acquainted with it.

Gene indicated that Colin K. was planning to visit here in May with two other companions. Please tell Gene that Dave B. will not be available for several weeks beginning 8 May. If Colin and the others wish to visit with him particularly, they might plan their time accordingly.

Today I was talking with Mr. John C. who was over there recently. He mentioned that Gene was interested in obtaining about \$20 worth of Kennedy one-half dollars. Do you know if Gene has received these yet? John mentioned that Phil F. is going over there next week and could carry them personally if Gene has not already received them.

STATINTL

I am still hoping to get over to [REDACTED] somehow. You may see me yet before the summer is over.

May I hear from you soon on the Kennedy one-half dollar question. Best regards to all, and especially to you.

Sincerely,

STATINTL
